# The Scheme

The Maverick Guided Reading Scheme was started in 2016 and aims to help children through their first steps of reading.

# Levelling

The colour banding system allows an emerging reader to track their progression through the reading levels. Each book is assigned a colour band according to a comprehensive list of criteria, establishing a solid base for children's developing reading skills. The colour banding system is one of the most popular levelling methods in the UK and is recognised by most schools and libraries. To find out more, you can download our 'Teacher's Guide' from our website, which goes into more detail.

	Colour Band/Level	Age (UK)	Word Count
	Pink (Level 1)	4 - 5 years	30 - 50 words

# Working with Experts

We strive to ensure all our early readers are consistent with how reading is taught in schools. Along with a team of talented authors and editors, Maverick work with top educational consultants so all our stories are ready to be used in schools from day one.

Catherine Baker has been paramount in building the scheme and has been working with Maverick since the scheme started in 2016.

Catherine Baker, Educational Consultant

“ If we want to spark a lifelong love of reading in children, we need to give them two things – books they will really enjoy, and books they can actually read for themselves. I’ve been working with the Maverick team since the beginning to ensure all the Maverick Early Readers tick both those important boxes. ”

Catherine Baker has worked in educational publishing for 25 years. Catherine has detailed knowledge of the UK primary educational system and curriculum, with a particular interest in the teaching of reading and literacy. She also has experience working on international publishing projects, developing resources for the US, Australian, Bahraini markets, and for International schools.

# Quizzes

From Yellow Band to Purple Band a quiz can be found at the back of the book. These are to help check that children have comprehended what they have read. The Gold and White Bands have quizzes available to download from our website, but they are not within the books themselves.

Quizzes for the Gold and White Band can be downloaded from: [www.maverickearlyreaders.com](http://www.maverickearlyreaders.com) or scan the QR code:

"There is a quiz page at the end of each story which is a useful tool as a comprehension check, especially for parents supporting their child's reading at home."

## Chapter Readers

Chapter Readers are designed to follow straight on from Level 10, covering three further colour bands. With increased pagination and a more complex language style, these longer texts build children's reading stamina and help them to prepare for junior fiction titles.

### How the Chapter Readers differ to the Early Readers:

- ★ The covers are more stylised
- ★ Subtle colour banding on cover
- ★ 48 pages
- ★ Stories split into more chapters
- ★ Discussion points on final spread
- ★ RRP £6.99

## FEATURES One Story | 1500 - 4500 Words | Chapters | 48 pages

The Chapter Readers are written to be slightly more challenging to read, with the introduction of more figurative language, similes and metaphors as well as more complex sentence structures, but this is all to boost confidence so that the next step up is less daunting!

Our Graphic Reluctant Readers are specially written for older readers with a very low reading age. They have low word counts and are heavily illustrated in a graphic style. Each book starts with a comprehension page to help the reader gain confidence before starting the story. The books also finish with a quiz, which is designed to feel more fun than educational.
